

**20
JUN**

TECHNICAL EVENING

The Book Ends of Facility Life: How to Enhance Value

2 Presenters in 2 short presentations will show us how to get the most value out of 2 critical stages of every project Start-Up+Commissioning and Decommissioning.

1- Using the ALARP Principle to Significantly Reduce Offshore Decommissioning Costs by Max J Goodwin

&

2- Integrated Start-Up + Commissioning Optimisation by Jim Bonini
